

Daniel-Cristian Avramut

SENIOR AZURE DEVOPS ENGINEER

+40 741 640 401

Cluj-Napoca, Romania

daniel.avramut@smartechcs.com

Nationality: Romanian

PERSONAL STATEMENT

Results-driven Azure DevOps & Cloud Engineer with **7+ years of experience** designing, implementing, and optimizing cloud-native infrastructure solutions. Expert in **Terraform-based Infrastructure as Code** for complex multi-environment Azure deployments. Proven track record building robust **CI/CD pipelines** with Azure DevOps and GitHub Actions, implementing **Security by Design** principles, and managing **Entra ID identity security** including Conditional Access Policies across multi-tenant environments. Strong background in networking, security compliance, and cost optimization. Demonstrated leadership with experience mentoring teams and driving DevOps culture.

WORK EXPERIENCE

June 2023 – Present

DevOps Consultant | Azure Cloud Engineer

Uniq IT Services Wien | B2B Contractor | Vienna, Austria (Remote)

- Architect and maintain complex Azure environments using **Terraform** and **Terragrunt**, managing VNets, NSGs, VPN across multi-environment setups (dev/staging/prod).
- Integrate automated testing with **Checkov**, **Terratest**, and **SonarQube** ensuring secure, compliant infrastructure code.
- Design and optimize **Azure DevOps** and **GitHub Actions** pipelines for streamlined CI/CD delivery.
- Manage **Azure Key Vault** with secret rotation; configure **RBAC** and **PIM** for least-privilege access.
- Develop **Terraform modules** for automated management of **Entra ID Conditional Access Policies** across multiple tenants; implement MFA, Named Locations, and Sign-in Risk conditions.
- Lead the **operational transition of Conditional Access Policy management** from DevOps to Cyber Security team: audit existing policies, author runbooks and handover documentation, conduct knowledge-transfer sessions, and ensure zero-disruption cutover.
- Design and implement an automated **Landing Zone provisioning tool** covering end-to-end onboarding: Subscription Creation, Azure DevOps Project Creation, IAM via Terraform, SPN Creation, Key Vault setup, Firewall Rules, and security scanning with **SonarQube** and **Checkov**.
- Architect and deliver an **Azure Virtual Desktop (AVD)** solution including full deployment and end-to-end automation of provisioning and scaling workflows.
- Support **Data Management** initiatives by provisioning infrastructure for **Azure Data Factory** and **Azure Databricks** pipelines with secure networking, RBAC, and CI/CD integration.

November 2020 – June 2023

DevOps Engineer / Team Lead

Archive360 | Cluj-Napoca, Romania

- Orchestrated Azure deployments using **Bicep** and **ARM Templates** for diverse client requirements, including **Azure AD / Entra ID** policy configurations and identity governance.
- Conducted **capacity planning and cost optimization** for efficient Azure SKU utilization.
- Designed **Azure DevOps YAML pipelines**; deployed and managed **AKS clusters** for containerized applications.
- Managed **Azure Policy and Blueprints** for compliance and governance.
- Implemented **Azure Backup** with Recovery Services Vaults for geo-redundant disaster recovery.

Download CV (Print / PDF)

- Managed **incident response within SLAs (P1–P4)**; led stakeholder communications during outages.
- Promoted to **Team Lead** (Sept 2022), leading and mentoring a team of 7 engineers.

September 2018 –
October 2020

DevOps Engineer
Endava | Cluj-Napoca, Romania

- Executed **IaaS to PaaS migrations** including Sitecore, reducing operational overhead significantly.
- Built CI/CD pipelines using **Jenkins and Azure DevOps** for efficient software delivery.
- Delivered end-to-end solutions using Azure IaaS/PaaS ensuring scalable, resilient architecture.
- Managed **Azure Monitor and Log Analytics** for performance and reliability management.

EDUCATION AND TRAINING

2014 – 2018

Bachelor's Degree – Electronics, Telecommunications & IT
Technical University of Cluj-Napoca | Cluj-Napoca, Romania

- Networking, Programming (C/C++, C#, Java), Telecommunications.

2018

DevOps Internship
Endava | Cluj-Napoca, Romania

- AWS, Git, Jenkins, Bash scripting.

LANGUAGE SKILLS

Language	Understanding		Speaking		Writing
	Listening	Reading	Spoken interaction	Spoken production	
Romanian (Native)	C2	C2	C2	C2	C2
English (Fluent)	C1	C1	C1	C1	C1

Levels: A1/A2 Basic – B1/B2 Independent – C1/C2 Proficient (Common European Framework of Reference)

DIGITAL SKILLS

IaC	Terraform (Expert), Terragrunt, Bicep, ARM Templates, Ansible	CI/CD	Azure DevOps (YAML), GitHub Actions, Jenkins
Scripting	Bash, Python, PowerShell, Azure CLI	Security	Entra ID, Conditional Access, Key Vault, RBAC, PIM, OAuth 2.0, SAML
Monitoring	Azure Monitor, Log Analytics, App Insights, Prometheus, Grafana	Networking	VNets, NSGs, VPN Gateway, Azure Firewall, ExpressRoute
Containers	AKS, Container Instances, Azure Container Registry	AI / ML	Azure OpenAI Service, Cognitive Search, Azure AI Foundry
Compute	Azure Virtual Machines, App Services, Azure Functions	Virtualization	Azure Virtual Desktop, Citrix, VMware

ADDITIONAL INFORMATION

Publications	Technical documentation and Root Cause Analysis (RCA) reports for incident resolution.
Leadership	Led and mentored a team of 7 DevOps engineers at Archive360 (Sept 2022 – June 2023).
Interests	Cloud security, infrastructure automation, Azure AI services, platform engineering.
